

# Trover Health System is **COMMITTED** to you.

Trover provides healthcare solutions with compassion and respect for the uniqueness of each individual. Guided by a values-based culture to consistently deliver clinical and service excellence to our patients, Trover strives for excellent care, every time.

With a deep history of more than 55 years of serving this community, Trover is working hard to meet the changing needs of healthcare in our community in order to provide the highest quality care for years to come.

Serving a six-county market area, Trover proudly offers more than 50 services and specialties to meet the needs of Kentuckians close to home. Regional Medical Center is the health system's full-service hospital and the largest in the Trover market area. Trover also provides primary care service and access to our team of medical specialists at outpatient clinics located throughout our region.
